**Mon Jul 02 2018**

This week the median list price for Gardnerville, NV is \$494,000 with the market action index hovering around 30. This is less than last month's market action index of 32. Inventory has held steady at or around 146.

**MARKET ACTION INDEX**

The Market Action Index answers the question "How's the Market?" by measuring the current rate of sale versus the amount of the inventory. Index above 30 implies Seller's Market conditions. Below 30, conditions favor the buyer.

**Slight Seller's Advantage**

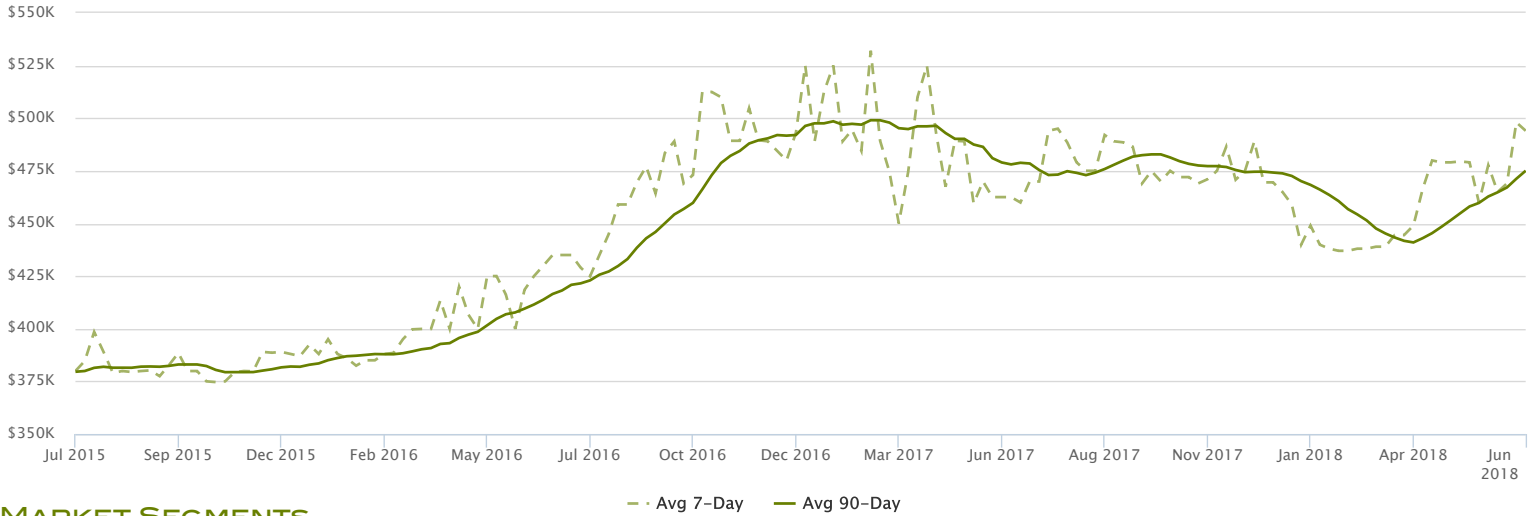

The Market Action Index has been trending lower for several weeks while prices have remained relatively stable. If inventory continues to grow relative to demand however, it is likely that we will see downward pressure on pricing.
