HISTORY OF CARSON CITY

Carson City was founded in 1858 by pioneer Abraham "Abe" Curry and takes its name from the nearby Carson River; which was named for early frontiersman Kit Carson. Following organization of the Nevada Territory in 1861, Carson City was designated as the territorial capital and the county seat of Ormsby County.

In 1864 President Abraham Lincoln granted statehood to Nevada, and Carson City was selected as the state capital. Founder Abe Curry saw the capitol building erected on the site he had set aside for that purpose 13 years earlier. The capitol was built at a cost of approximately \$168,000. The limestone walls were quarried at the nearby state prison, and the building was estimated to weigh over 18 million pounds. The Capitol is open to the public and a free history exhibit about the building is on the second floor.

Carson City became the seat of local, territorial, and state government, as well as growing into a thriving center of commerce and industry following the discovery of silver at Virginia City. In 1870, the Virginia & Truckee Short Line Railroad was completed from Virginia City to Carson City and transported rich silver ore from the mines. Two years later the line was extended to Reno, where it connected with the transcontinental Central Pacific Railway. The Nevada State Railroad Museum in Carson houses many restored trains of the famous V&T Railroad.

In 1879 a branch of the United States Mint was established in Carson City to strike coins from the Comstock Lode silver. Abraham Curry served as the mint's first superintendent. The mint building now stands as the Nevada State Museum.

NEVADA TAX ADVANTAGES

HOW DOES NO STATE INCOME TAX SOUND? TO MANY IT HAS SOUNDED LIKE A GREAT REASON TO MAKE NEVADA HOME.

The requirements are simple, and the benefits can be quite impressive.

The main qualifier for this tax "hospitality" is to make Nevada your central place of residence. This does not mean you cannot do business or even have residences in other states, just that Nevada is the state in which you have the closest ties.

If you are residing in Nevada and become a Nevada resident, you will generally escape state income taxes, except for income that arises from sources within another state.

Even if you are required to "source" part of your income from a state that has an income tax, you may still enjoy a significant decrease in your overall tax burden.

Below are a few reasons why you should consider Nevada for your home and business:

- No personal income tax
- No corporate income tax
- No gross receipts tax
- No franchise tax
- No inventory tax
- No tax on issuance of corporate shares
- No requirements of shareholders and directors to live in Nevada
- No tax on sale or transfer of shares
- No succession or inheritance with IRS
- Simple annual requirements
- Protection for Directors and Officers
- No initial or minimum capital requirements
- Anonymity of owners-total privacy
- Low property taxes
- Business friendly environment
- Dynasty Trust Laws allow for wealth to be passed from generation to generation on a tax-advantaged environment

EDUCATION

HOW TO REGISTER

The Carson City School District utilizes an online enrollment system for Annual Online Updates for Existing Students and Online Enrollment for New Students! Visit www.CarsonCitySchools.com

Through InfoSnap, our secure and green online enrollment system, parents are able to verify all student demographic, emergency and medical information for their child prior to the start of the new school year. Our school sites need the most up to date family, address, phone, medical information, and permission from parents for students so that they can participate in field trips, have photographs of them participating in school functions published, and participate in other school functions.

Returning Students:

- Parents are required to update their students information annually through the PowerSchool Parent Portal.
- To access the online system parents will create a Parent Portal account with access information provided by the student's school administration. Parents will need to contact their student's school to obtain this information.
- Once the new account is created parents will log in and click on the InfoSnap icon to update their students information.

New Students:

Parents will need to complete a new student enrollment form at their zoned school along with a providing a copy of the following documents:

- Copy of the student's birth certificate,
- Immunization records, and Residency verification.
- Middle and high school student will need to provide grade reports, transcripts and test scores to assist in placement.

CARSON CITY SCHOOL DISTRICT

The Carson City School District's long history has opened countless doors to academic achievement for our community's young people. The district serves 3,890 kindergarten through fifth grade students at six neighborhood elementary schools. Two middle schools for grades six through eight serve 2,180 students. These schools provide increased learning for all children through standards-based curriculum and integrated technology systems.

Carson High School is a comprehensive four-year school with a population of 2,574 students, and a faculty and staff of 208. The high school offers many programs to allow students to extend themselves beyond the general curriculum. The school has one of the finest culinary arts and audio/visual programs around.

The Jim Reynolds High Tech Center at the high school is used in conjunction with Western Nevada Community College and houses 250 state of the art personal computers. The facility was designed for high school and college level use and enables the schools to offer extensive computer training classes to bring relevance to in-course offerings.

UNIVERSITY OF NEVADA, RENO

The University of Nevada, Reno is the state's historic flagship institution of higher education. The University has a student enrollment of more than 19,000, including about 3,200 graduate students, and a total budget of nearly \$500 million.

The University provides a broad range of programs and degree options, ranging from baccalaureate degrees in more than 75 disciplines to more than 100 graduate-degree programs at the master's and doctoral level. The University of Nevada School of Medicine is a vital component of the University, with campuses in both of Nevada's major urban centers, Las Vegas and Reno, and a health network that extends to much of rural Nevada.

The University of Nevada was founded in 1874 in Elko as the state's first institution of higher education. Relocated to Reno in 1887, the University remained the state's only institution of higher education for 75 years. The first building on the Reno campus, Morrill Hall, is still in use today, and the campus has grown from a small cluster of buildings surrounding a central quadrangle (modeled after Thomas Jefferson's design for the University of Virginia), to a 250-acre site just north of downtown Reno. The University is one of eight institutions of higher education governed by the Nevada System of Higher Education.

The University has more than 145 undergraduate degree programs, and more than 150 graduate degree programs (57 master's, 80 doctoral and 24 professional graduate programs) from which students may choose. New majors approved recently include Atmospheric Sciences, Environmental Science, Forest and Rangeland Management, Wildlife Ecology, and Computer and Information Engineering. The University is also in the process of adding new Ph.D. programs in Mathematics, Statistics, and Geography, and a new interdisciplinary undergraduate program in Environmental Studies.

The tuition for Nevada resident undergraduates is among the lowest in the western United States and is a reflection of the Board of Regents' and state legislature's policy to provide access to as many Nevada high school graduates as are qualified. For example, the resident undergraduate tuition and fees total \$8,798 a year, which is lower than all but one of 15 western states. Non-resident undergraduate tuition and fees total \$25,340 a year, which is at the median for the western states.

Coupled with its status as a land-grant institution, the University necessarily has a statewide mission and boasts programs and activities in all 17 counties of the state. It has more than 700 employees outside the Reno area, most of them in Las Vegas. It plays a critical role in the promotion of health throughout the state through its Schools of Medicine, Nursing, and Public Health.

The University's athletics programs compete in NCAA Division I as part of the Mountain West Conference. The University fields competitive teams in 18 sports, with six men's sports and ten women's sports teams offering scholarships.

THINGS TO DO

THINGS TO DO

Carson City sits in the center of one of the most scenic and historic areas in the country, making it the perfect starting point for sightseeing. Carson City ranks among the smallest in the United States, but you wouldn't know it from all the action around town.

Rich historic offerings, endlessly entertaining casinos and world-class golf, draw visitors from around the globe, as does Carson City's prominent position on Nevada's map. Carson City serves as the hub of the wagon wheel for site-seers and adventure-seekers. From the Capitol building at the center of downtown, visitors are just a stone's throw away from Lake Tahoe to the west, Virginia City to the east, Reno to the north and Genoa to the south.

Skiers and snowboarders come to Carson City to stay warm, but are within a few minutes drive of several ski resorts. History buffs can take a break from the museums and working locomotives in Carson City and make their way to Virginia City to step back in time to a frontier mining mecca captured in its pristine state.

In addition to in-town fun, Carson City is the hub of the wagon wheel for day trips. Take in the beauty of Lake Tahoe, the hustle and bustle of Reno and the old west flavor of Virginia City each within a 35 minute drive!

You'll find some habits are hard to break in the Old West. Horseback riding remains a popular activity for visitors and it's easy to understand why. Guided tours through the Mt. Rose Wilderness take riders through aspen groves, meadows and pine forests complete with picturesque views of Mt. Rose.

Some say that the best views of Carson City are from the air. Hang gliding and hot air balloon rides are available throughout the year, weather permitting. Many of the hot air balloon tours include a complete champagne brunch after the flight.

Mild spring temperatures offer the option of skiing one of Lake Tahoe's premier ski resorts in the morning and hitting the golf course in the afternoon. Conveniently located 35-60 minutes from world-class skiing, Lake Tahoe boasts 15 alpine and nine cross-country resorts. Heavenly, Mt Rose, Diamond Peak, and Kirkwood are all within a short driving distance from Carson City.

In addition to exploring the fringes of Carson City, visitors can enjoy the town's numerous parks and picnic grounds. Many of the parks have lighted tennis courts, indoor and outdoor swimming pools, athletic fields and playgrounds.

Wilderness enthusiasts will find plenty of outdoors activities at nearby Spooner Lake and Washoe Lake State Park. Spooner Lake is located approximately 15 miles from Carson City on U.S. Highway 28 and is recognized as one of the most diverse ecosystems in the area. A 1.75-mile dirt path encircles the lake and is marked by interpretive signs that explain the animal and plant life found at Spooner Lake. An occasional sighting of bald eagles and osprey make the area popular with birdwatchers. Spooner Lake is also Nevada's only catch and release fishery.

NEVADA STATE PARKS

Camping, fishing, hiking, swimming, nature study, star-gazing—not your thing? How about mountain biking, horseback riding, boating, water skiing, snowshoeing, ice-skating? Choose your favorite outdoor activity and Nevada State Parks will provide a place for it. Nevada’s 23 state parks, recreation areas and historic sites are stretched across terrains as diverse as alpine forests and bone-dry deserts. Among them are natural lakes and man-made reservoirs, such as world-famous, 22 mile long Lake Tahoe or the much smaller Echo Canyon and its 35-acre reservoir.

Other parks provide glimpses into the past. Valley of Fire is one of the state’s oldest, with 3,000-year-old petroglyphs carved in sandstone and breathtaking views of the maroon-colored rock formations created during the age of the dinosaurs. Mormon Station in Genoa and the Old Las Vegas Mormon Fort feature replicas of 19th-century fortifications and visitor centers explaining regional history.

Many campgrounds and RV facilities are open all year, depending on the weather. You can even stay in a yurt at Cave Lake State Park near Ely. Trailheads are well marked, and facilities at many parks include RV dump stations, showers and day use facilities for groups. For more information on Off-highway Vehicles (OHV) registration, go to Department of Motor Vehicles at dmv.nv.com.

FIRST CENTENNIAL TITLE CO. OF NEVADA

www.FirstCentennial.com

On February 15, 1978, First Centennial Title Company opened its doors with a manager, one escrow officer, a title searcher, a bookkeeper, and a receptionist. First Centennial Title was affiliated with Centennial Title Resource out of San Diego, California. At the time of opening we were told by our competitors that we would never survive the Nevada business climate, as the industry was at its lowest point in years and we were competing with nine other title companies in the area. First Centennial has enjoyed many years of success since then.

In 1983, First Centennial Title of Nevada separated from the San Diego office and took over the building and business of Valley Title along with keeping their own name, clients and employees.

On March 1, 2001, First Centennial joined the Orange Coast Title Family of Businesses. Orange Coast Title brought its corporate support including technology and E-commerce initiatives to First Centennial. Orange Coast is one of the most successful privately held companies serving the Commercial and Residential real estate markets.

First Centennial Title, a full service title and escrow company, has grown from a one-office operation to a multi-office operation, with Branches in Reno, Sparks, Carson City, Incline Village and Stateline. Through the dedication of employees and direction of management, First Centennial Title has not only survived but has also flourished.
